

ENERGIE.

CROSS®ELECTRIC

Certification	DIN EN 397 und DIN EN 50 365		
Protective properties	<ul style="list-style-type: none"> ▪ electrical insulation according to DIN EN 50365 ▪ electrical insulation according to DIN EN 397 ▪ protective property down to – 20 °C 		
	Internal equipment		
Type	I/79 G-R		
Special features	–		
Webbing	6 point		
Version	with screw closure		
Eye protection	–		
Sweat band	Wellvitex® Z+		
Cushion strip	standard		
Chin strap suspension	4 point		
	Helmet features		
Series	<ul style="list-style-type: none"> ▪ MFA-Tech 		
Factory fitted	<ul style="list-style-type: none"> ▪ eye protection 		
Accessories	<ul style="list-style-type: none"> ▪ face protection ▪ neck protection ▪ chin strap ▪ sweat band ▪ reflective film ▪ adapter for lamp ▪ lamp ▪ eye protection 		
	Version		
Size	1	2	3
Head circumference	52 – 56 cm	53 – 61 cm	59 – 63 cm
Colours	–	<ul style="list-style-type: none"> ■ RAL 9016 ■ RAL 1023 ■ RAL 5017 ■ RAL 3020 ■ RAL 6024 ■ RAL 2009 custom colours 	–
Branding	printed		
Item Size	Front 6 x 4,5 cm	Side 9 x 2 cm	
	Parameter		
Shape	straight		
Material	PP (Polypropylene)		
Weight	approx. 395 g		

APPLICATIONS

- utilities
- municipal power companies
- high voltage environments
- railway companies
- chemical industry
- electrical work

Benefits

- **Electrical insulation according to DIN EN 50 365**
for work involving live electricity or in close proximity to live equipment up to 1000V AC or 1500 V DC
- **Electrical insulation according to DIN EN 397**
protection against short-term inadvertent contact with live conductors up to 440 volts AC
- **Protective property down to – 30°C**
For use in very low temperatures (e.g. outdoors in very cold conditions)
- Easy handling of accessories due to MFA-Tech multifunction adapter
- Very comfortable to wear and secure fit due to ergonomically formed height-adjustable internal fittings
- Comprehensive selection of accessories
- By default with corrugated Wellvitex® Z+ sweat band and screw closure
